

Return Duct Kit

Part No. 4039697

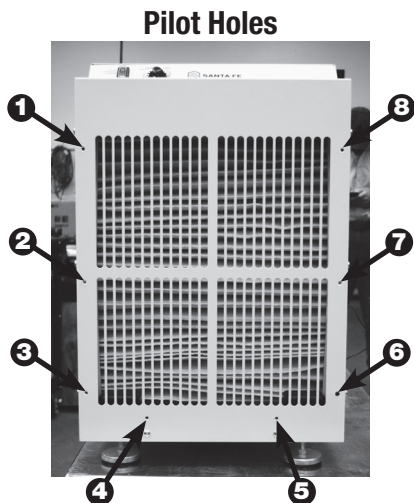

Parts Included:

Tools Required: T25 Torx Driver and Drill

CAUTION! Before installing duct kit, disconnect dehumidifier from electrical power and disconnect duct work if previously installed.

Step 1: Align duct plate and collar to eight pilot holes on the dehumidifier. Note: Flanges on duct plate should be on sides and bottom, when aligned to dehumidifier.

Step 2: Using T25 Torx screws, attach the duct plate with collar to the dehumidifier. Attach the top two screws and work down. Do not over tighten the screws.

Step 3: Attach ducting as needed.
